

DECT model G355

Wireless handset

Colour that livens up your phone

- Large 64K colour screen
- Backlit display
- Icon driven menu

DECT technology

- Crystal-clear voice quality
- Seamless handover
- Powerful encryption

Features

- Memory card (optional)
- Standard headset connection
- Hands-free operation
- Personal phone book
- Corporate directory support
- Call logging
- 13 languages supported
- Incoming call filter
- Date and time display
- Time stamps on caller lists
- Message-waiting indicator
- Multiple DECT network subscriptions

Operation

- Software update over the air
- Up to 120 hours stand-by time
- Up to 12 hours talk time

Bring colour to your life with the DECT G355's impressive colour screen. The intensity of colours coupled with the DECT G355's elegant lines is an eye-catching combination. With its unique design, the G355 not only has a stylish look, but is also suited to a multitude of professional environments.

Beneath the surface, the G355 offers a wide range of features and seamless integration with your PBX, while ease of installation and maintenance completes the package.

The internal loudspeaker enables hands-free operation.

G355 users have access to the corporate telephone directory and can store their private contacts in the personal phone book.

Applied DECT technology ensures crystal-clear speech, while powerful encryption techniques guarantee secure communications.

- Ringer melodies (10) with distinction between e.g. internal and external calls
- Silent charging
- Software upgrading over the air
- Up to 120 hours stand-by time
- Up to 12 hours talk time

Support of some features, like Corporate Directory, Software upgrading and over the air and Messaging, also depends on the capabilities of the used PABX and the DECT system.

LCD display

Graphic colour 64K LCD (128 × 128 pixels).

- Icon-driven menu
- Status line with icons indicating:
 - Alarm clock
 - Battery condition
 - Caller filter active
 - Field strength
 - Key lock active

- Loudspeaker active
 - Message Waiting
 - Microphone mute
 - Missed call
 - Ringer off
- The display illuminates upon receipt of incoming calls

Keys

The G355 has 24 keys:

- 12-key keypad (0 – 9, * and #)
- Answer/Recall key
- Decrease Volume key
- Increase Volume key
- OK key
- Navigation/Programmable Shortcut keys (Up, Down, Left and Right)
- Release/Power Off/Power On key
- Soft keys (Left and Right)
- SOS key

Menu languages

The G355 supports 13 menu languages:

- Danish, Dutch, English, French, German, Greek, Italian, Polish, Portuguese, Russian, Spanish, Swedish, Turkish

Audible indicators

In addition to visible indicators (icons) and ringer tones, the handset features a number of (user selectable) audible indicators:

- Key click
- Coverage warning
- Charger warning
- Battery (low) alarm
- Confirmation tone

Shared memory

The G355 shares its memory for:

- Up to 200 personal phone book entries
- Up to 50 caller list entries
- Up to 10 caller filter entries
- Up to 100 calendar entries

As the memory is shared, the mix of stored entries will affect the remaining storage capacity.

Accessories

Swivel belt clip

A removable swivel belt clip makes the handset easy to carry and easily accessible. The G355 clicks on to the swivel belt clip using a belt clip knob attachment, which is part of the G355 package.

Easy clip

A stylish easy clip can be attached to the G355, allowing the G355 to be carried in a fixed position in a (shirt) pocket.

Memory card

A memory card can be added to the G355, providing extended storage space for:

- └ 200 personal phone book entries
- └ 50 caller entries
- └ 10 caller filter entries
- └ 100 calendar entries

Furthermore, the memory card will contain the subscription information allowing easy transfer of the subscription to another G355. Simply placing the memory card in another G355 will transfer the subscription and all other stored information to the new G355.

Desktop charger and AC adapter

The standard desktop charger is used to charge the G355's battery. It has an elegant design and requires an AC mains adapter.

Charger rack

The charger rack provides a multi-charging option for up to eight handsets (either G355 and/or G955) simultaneously. The charger rack is suitable for table-top usage or wall mounting, and requires a dedicated AC mains adapter.

Technical data

Physical characteristics

Dimensions (approximately):

- └ Handset: 126 x 45 x 20 mm (hxwxh)
- └ Desktop charger: 55 x 60 x 72 mm (hxwxh)

Weight

- └ Handset: 89 g
- └ Desktop charger: 34 g
- └ AC adapter: 70 g

Protection

- └ Handset: IP50

Range

- └ Indoor: 50 m max.*
- └ Outdoor: 300 m max.*
